**PLAINTIFF'S AMENDED COMPLAINT FOR DECLARATORY AND INJUNCTIVE  
RELIEF**

Plaintiff Howard Cohan, through his undersigned counsel, states the following in support of his Complaint for Declaratory and Injunctive Relief to remedy discrimination by Defendant ECD-Lincolnshire Hotel DE LLC. based on Plaintiff's disability in violation of Title III of the Americans with Disabilities Act of 1990, 42 U.S.C. §§ 12181 et seq. ("ADA"), and its implementing regulation, 28 C.F.R. Part 36:

## JURISDICTION AND VENUE

1. This Court has jurisdiction over this action pursuant to 42 U.S.C. § 2000a-3(a), 28 U.S.C. § 1331, and 28 U.S.C. § 1343.

2. Venue is appropriate in this district under 28 U.S.C. § 1391 because the acts of discrimination occurred in this district, and the property that is the subject of this action is in this district.

## PARTIES

3. Plaintiff is a resident of Palm Beach County, Florida.

4. Defendant ECD-Lincolnshire Hotel DE LLC. is a limited liability company with its registered office located at 111 E. Wacker Dr., Suite 2800, Chicago, IL 60601.

5. Upon information and belief, Defendant ECD-Lincolnshire Hotel DE LLC. owns and/or manages “Hampton Inn & Suites Chicago/Lincolnshire” whose location qualifies as a “Facility” as defined in 28 C.F.R. § 36.104.

### **FACTUAL ALLEGATIONS**

6. Plaintiff incorporates the above paragraphs by reference.

7. Plaintiff is an individual with numerous disabilities, including severe spinal stenosis of the lumbar spine with spondylolisthesis and right leg pain, severe spinal stenosis of the cervical spine with nerve root compromise on the right side, a non-union fracture of the left acromion, a labral tear of the left shoulder, a full thickness right rotator cuff tear, a right knee medial meniscal tear, a repaired ACL and bilateral meniscal tear of the left knee and severe basal joint arthritis of the left thumb. These conditions cause sudden onsets of severe pain and substantially limit Plaintiff’s ability to perform certain manual tasks, walk, stand, lift, bend, and work. The disabilities and symptoms are permanent.

8. Plaintiff suffered from these disabilities during his visit (and prior to instituting this action) to Hampton Inn & Suites Chicago/Lincolnshire.

9. Plaintiff’s disabilities are considered a qualified disability under 28 C.F.R. 36.105.

10. Plaintiff’s condition is degenerative and occasionally requires mobility aids to assist his movement.

11. Plaintiff regularly travels to the Lincolnshire area to visit friends and shop. Plaintiff visited Lincolnshire, IL in September 2022, and plans to return in December 2022.

12. Plaintiff stays at hotels when he is in the area.

13. Plaintiff does not always stay at the same hotel, but prefers to shop around for the best amenities, prices, location, and ease of access to accommodate his disabilities.

14. Plaintiff regularly experiences barriers to access relating to his disability at hotels due to his frequent travels.

15. While many hotels advertise that they are accessible, Plaintiff still regularly encounters barriers to access.

16. This requires Plaintiff to visit hotels that offer the amenities, pricing, and location he desires prior to booking to ensure that he can access the Facility in a manner equal to non-disabled individuals.

17. Despite advertising that Hampton Inn & Suites Chicago/Lincolnshire is accessible, Plaintiff encountered barriers to access at the Lincolnshire Facility, which denied him full and equal access and enjoyment of the services, goods, and amenities when he visited on September 30, 2022.

18. Plaintiff is currently deterred from considering the Facility as an option for lodging on his future planned visits due to the barriers and discriminatory effects of Defendant's policies and procedures at the Facility.

19. Plaintiff is deterred from returning due to the barriers and discriminatory effects of Defendant's policies and procedures at the Facility.

20. Plaintiff returns to every Facility after being notified of remediation of the discriminatory conditions to verify compliance with the ADA and regularly monitors the status of remediation.

**COUNT I**  
**REQUEST FOR DECLARATORY JUDGMENT UNDER 28 U.S.C. § 2201**

21. Plaintiff incorporates the above paragraphs by reference.

22. This Court is empowered to issue a declaratory judgment regarding: (1) Defendant's violation of 42 U.S.C. § 12182; (2) Defendant's duty to comply with the provisions of 42 U.S.C. § 12181 et al; (3) Defendant's duty to remove architectural barriers at the Facility; and (4) Plaintiff's right to be free from discrimination due to his disability. 28 U.S.C. § 2201.

23. Plaintiff seeks an order declaring that he was discriminated against on the basis of his disability.

**COUNT II**  
**REQUEST FOR INJUNCTIVE RELIEF UNDER 42 U.S.C. § 2000a-3(a)**

24. Plaintiff incorporates the above paragraphs by reference.

25. The Lincolnshire Facility is a place of public accommodation covered by Title III of the ADA because it is operated by a private entity, its operations affect commerce, and it is a hotel. 42 U.S.C. § 12181(7); see 28 C.F.R. § 36.104.

26. Defendant is a public accommodation covered by Title III of the ADA because it owns, leases (or leases to), or operates a place of public accommodation. See 42 U.S.C. §§ 12181(7), 12182(a); 28 C.F.R. § 36.104.

27. Architectural barriers exist which deny Plaintiff full and equal access to the goods and services Defendant offers to non-disabled individuals.

28. Plaintiff personally encountered architectural barriers on September 30, 2022 at the Lincolnshire Facility located at 1400 W. Milwaukee, Lincolnshire, IL 60069 that affected his disabilities:

a. Passenger Drop Off Area

- i. Failing to provide a passenger loading zone with an access aisle marked with striping in violation of sections 209, 209.1, 209.4, 503, 503.1, 503.3

and 503.3.3 of the Standards, which requires Plaintiff to park his vehicle further than necessary from the Facility and walk an excessive distance, thereby causing pain in his back, neck and shoulders.

b. Men's Restroom

- i. Failing to provide proper signage for an accessible restroom or failure to redirect a person with a disability to the closest available accessible restroom facility in violation of sections 216, 216.2, 216.6, 216.8, 603, 703, 703.1, 703.2, 703.5 and 703.7.2.1 of the Standards, which requires Plaintiff to use a restroom that is not safe or walk further than necessary to locate an accessible restroom, which aggravates his leg, knee, and back injuries.
- ii. Failing to provide the proper insulation or protection for plumbing or other sharp or abrasive objects under a sink or countertop in violation of sections 606 and 606.5 of the Standards, which prevents proper balance and causes Plaintiff difficulty when trying to reach under the sink.
- iii. Providing sinks and/or countertops that are greater than the 34-inch maximum allowed above the finished floor or ground in violation of sections 606 and 606.3, which causes undue pressure on Plaintiff's shoulder and makes it unsafe for him to use.
- iv. Failing to provide a paper towel dispenser or its operable part at the correct height above the finished floor in violation of sections 606, 606.1, and 308 of the Standards, which aggravates Plaintiff's rotator cuff injury in his shoulder.

c. Men's Room Accessible Stall

- i. Providing grab bars of improper horizontal length or spacing as required along the rear wall in violation of sections 604, 604.5, 604.5.1 and 604.5.2 of the Standards, which prevents Plaintiff from using the grab bars for the assistance he needs getting onto and off of the toilet due to his back and knee injuries.
- ii. Providing grab bars of improper horizontal length or spacing as required along the side wall in violation of sections 604, 604.5, 604.5.1 and 604.5.2 of the Standards, which prevents Plaintiff from using the grab bars for the assistance he needs getting onto and off of the toilet due to his back and knee injuries.
- iii. Failing to provide the proper spacing between a grab bar and an object projecting out of the wall in violation of sections 609, 609.1 and 609.3 of the Standards, which prevents Plaintiff from grasping the grab bar due to his hand and shoulder injuries, and therefore strains his back and knee injuries as he needs the grab bars for assistance getting onto and off of the toilet.
- iv. Failing to provide operable parts that are functional or are in the proper reach ranges as required for a person with a disability in violation of sections 309, 309.1, 309.2, 309.3, 309.4 and 308 of the Standards, which prevents Plaintiff from safely grasping the operable part and causes strain on Plaintiff's hand and shoulder injuries.

- v. Failing to provide flush controls located on the open side of the water closet in violation of sections 309, 309.4, 604 and 604.6 of the Standards, which requires Plaintiff to reach across the toilet to flush and causes an undue strain on his back, legs, and shoulder.
- vi. Failing to provide toilet paper dispensers in the proper position in front of the water closet or at the correct height above the finished floor in violation of sections 604, 604.7, and 309.4 of the Standards, which causes Plaintiff difficulty reaching the toilet paper dispenser and aggravates his rotator cuff injury in his shoulder.

d. Food Service Area

- i. Failing to provide seating for a person(s) with a disability that has the correct clear floor space for forward approach in violation of sections 902, 902.2, 305 and 306 of the Standards, which aggravates Plaintiff's leg and back injuries by preventing him from extending his legs without obstruction while being able to utilize the table surface.
- ii. Failing to provide a sufficient amount of seating when dining surfaces are provided for the consumption of food or drink for a person(s) with a disability in violation of sections 226, 226.1, 902, 305, and 306 of the Standards, which requires Plaintiff to utilize seating that is unsafe and painful for him to use due to his leg and back injuries.

e. Disabled Parking

- i. Failing to provide sign(s) for disabled parking at the correct height in violation of sections 502 and 502.6 of the Standards, which prevents

Plaintiff from locating the disabled parking and causes Plaintiff to park in a non-disabled parking area and walk further than necessary, which aggravates his leg, knee, and back injuries.

29. These barriers cause Plaintiff difficulty in safely using each element of the Facility because of Plaintiff's impaired mobility and limited range of motion in his arms, shoulders, legs, and hands requiring extra care due to concerns for safety and a fear of aggravating his injuries.

30. Defendant has failed to remove some or all of the barriers and violations at the Facility.

31. Defendant's failure to remove these architectural barriers denies Plaintiff full and equal access to the Facility in violation of 42 U.S.C. § 12182(b)(2)(A)(iv).

32. Defendant's failure to modify its policies, practices, or procedures to train its staff to identify architectural barriers and reasonably modify its services creates an environment where individuals with disabilities are not provided goods and services in the most integrated setting possible is discriminatory. 42 U.S.C. §§ 12182(a), 12182(b)(2)(A)(iv), and 28 C.F.R. § 36.302.

33. It would be readily achievable for Defendant to remove all of the barriers at the Facility.

34. Failing to remove barriers to access where it is readily achievable is discrimination against individuals with disabilities. 42 U.S.C. §§ 12182(a), 12182(b)(2)(A)(iv), and 28 C.F.R. § 36.304.
